#### INTERNATIONAL STUDENT COURSE DESCRIPTION:

The intensive course aims to gain knowledge about solutions for outdoor elements, types of wooden structures, safety, and sustainable solutions in the development of elements. In general, an understanding of the types of outdoor elements made of wood, and the ways of their development, which play a great role in the organization and planning of the urban outdoor space, is gained.

- Knowledge: students acquire knowledge about the elements of the details that make up the urban space and their nature, which are necessary for ensuring the functionality of the space.
- Skills: acquires the skill to create the expressiveness of the outdoor space, balancing its functionality with the nature of the compositional elements.
- Competence: acquires a rational understanding of the design development and implementation of equivalent elements.

MENTORS IN THINK OUT OF THE BOX2025:

UNA ĪLE, ILZE STOKMANE, AJA ZIEMEĻNIECE, IVETA LĀČAUNIECE, PEETER VASSILJEV, GINTARAS STAUSKIS

WORKING HANDS WITH PRACTICAL TOOLS:

JURIS BALODIS, RAIVIS INTLERS, ARTŪRS MENGOTS
